

[FOR INSERTION ON CALFED LETTERHEAD]

February 13, 1998

Mr. Bill Taylor
Metropolitan Water District of Southern California
P.O. Box 54153
Los Angeles, CA 90054-0153

Dear Bill:

Thank you for taking time out of your busy schedule last week to travel to Sacramento to meet with the CALFED Water Quality Parameter Assessment Team (PAT). I am extremely grateful to you and the other individuals who have volunteered their time and expertise to the CALFED Water Quality Program.

Your presentation to the PAT provided a great deal of insight into the effects of nutrients on drinking water quality and was instrumental to the team's refinement of its recommendations to the Water Quality Technical Group. If you would like to be kept abreast of future developments of the CALFED Water Quality Program or CALFED Bay-Delta Program, please feel free to contact me at (916)653-2994 or at the address listed above.

Again, thank you for your time and participation in the CALFED Water Quality Program.

Sincerely,

Judy Heath
CALFED Bay-Delta Program
